

NEW WASHINGTON STATE VACCINE REPORTING OBLIGATION

Jan 21 & 22, 2021

Presenters

Kristin Peterson

Assistant Secretary

DOH/Health
Systems Quality
Assurance Division

Jennifer Coiteux

Acting Office Director

DOH/Office of
Immunization and
Child Profile

Ian Corbridge

*WA HEALTH Program
Administrator*

DOH/Health
Systems Quality
Assurance

Virtual Gathering

- Please share your thoughts/questions in Chat Box
- Slide deck will be posted on the [WA HEALTH webpage](#)
- Presentation is being recorded and will be available on the [WA HEALTH webpage](#)

Discussion Objectives

- At the end of today's discussion participants will be able to:
 - Articulate the need for new state level COVID-19 vaccine data collection
 - Identify the new state vaccine metrics
 - Describe the new vaccine data collection platform (WA HEALTH)
 - Articulate how facilities and users will be onboarded to WA HEALTH
 - Describe the process for interacting with and submitting data to WA HEALTH daily
 - Recall the date by which data needs to start being submitted to WA HEALTH

Vaccine Reporting Landscape

Focused State Vaccine Metrics

Vaccine Metric Goals

Goals

- Support timely access to critical data for state and local level decision making
- Support state allocation of vaccine
- Focus on critical information

Vaccine Metrics

1. Total doses on hand (reported daily)

2. Total doses administered the previous day (reported daily)

3. How many 1st doses are you planning to administer for the following week from Wednesday to Tuesday?

Tip - Reporting is required on Monday of every week. The following week refers to the period of days, 9-15 calendar days from the time of submission, excluding the submission date.

Why These Metrics

- Some of the data is collected in WAIS, but data lag times are hindering current priorities
- Provide data on anticipated vaccination strategy to help support allocation
- **Existing reporting to WAIS remains in effect**
- ***New state vaccine data collection effort is not associated with new HHS vaccine metrics for hospitals**

WA HEALTH

PLATFORM OVERVIEW

WA Health

The logo for WA Health, featuring a teal horizontal bar with a white outline.

WA HEALTH – A technology platform that collects key hospital and health care data and provides the data in a seamless way to help support leaders across the state make timely and informed decisions in response to public health threats.

<https://www.doh.wa.gov/ForPublicHealthandHealthcareProviders/WAHealth>

WA HEALTH

Web Based Platform – Provide a pathway for health care partners to share critical information

Data Entry – Health care partners provide data to WA HEALTH daily

Dashboard – Provide state and local leaders data to help support decision making

WA HEALTH FOCUS

Current priorities

- Acute care hospitals
- COVID-19 response efforts
- Over 800 WA HEALTH users

Expanding focus to support vaccine data collection

Bed occupancy

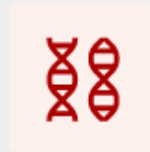

Staff

Equipment

Supplies

COVID-19 stats

Influenza Stats

Therapeutics/Vaccines

Why WA HEALTH

- WA HEALTH is an existing DOH data platform
- Platform can easily be modified to collect critical data
- Some vaccinators (hospitals) already have accounts and interact with WA HEALTH daily
- No patient level data – allow for easier access
- Can support easy onboarding of new users

WA HEALTH

ONBOARDING TO WA HEALTH

Existing WA HEALTH Users

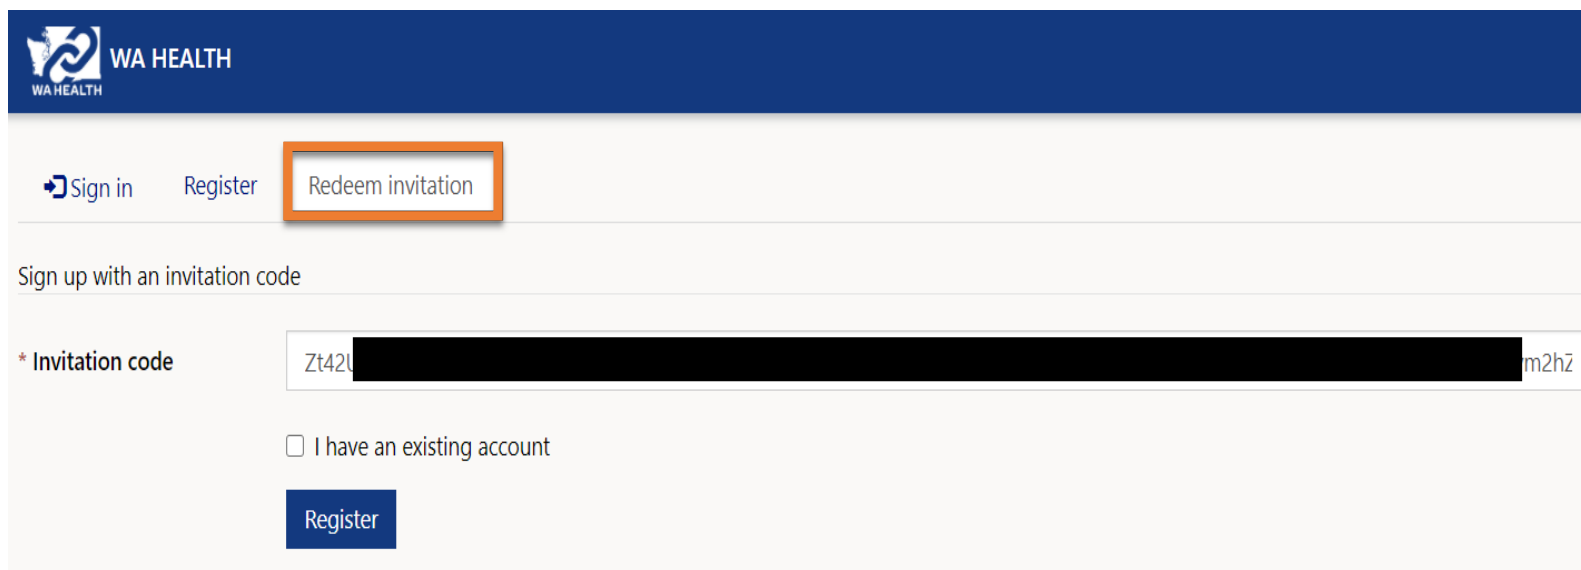

- **If you have an existing account, you don't need to take any action regarding onboarding**
- New vaccine questions will appear on the WA HEALTH 'Therapeutics/Vaccine' page
- Hospitals with affiliated practices/clinics or pharmacies
 - A hospital can:
 - Elect to manage data submission on behalf of facilities who have received vaccine
 - Allow individual practice/clinic sites or pharmacies to manage data submission
 - ***Regardless of approach, data submission is needed for each individual facility**

New WA HEALTH Users

- Every facility who has received COVID-19 vaccine allocation or has signed up to support the state vaccination effort has been added to WA HEALTH
- Primary contacts for each facility have been associated with your respective facility in WA HEALTH
 - The primary contact will be the gatekeeper
 - Submit data
 - Select facility type
 - Update facility data
 - Grant additional staff access to WA HEALTH
- **WA HEALTH email invitation is forthcoming to primary WAIS account holders**

New WA HEALTH Users (Cont'd)

- New users will receive an email invitation from WA HEALTH

The screenshot shows the WA HEALTH website header with the logo and name. Below the header, there are three navigation links: 'Sign in', 'Register', and 'Redeem invitation'. The 'Redeem invitation' link is highlighted with an orange border. Below these links, there is a section titled 'Sign up with an invitation code'. This section contains a label '* Invitation code' and a text input field. The input field contains the text 'Zt42U' followed by a black redaction box and then 'm2hZ'. Below the input field, there is a checkbox labeled 'I have an existing account'. At the bottom of this section, there is a blue button labeled 'Register'.

New WA HEALTH Users (Cont'd)

- Signing into WA HEALTH

The image shows a screenshot of the WA HEALTH sign-in page. At the top left is the WA HEALTH logo. Below it is a large illustration of a hospital building with a red cross on its roof, set against a background of a large orange sun and stylized clouds. To the right of the illustration is the 'Sign In' section. It includes the text 'to continue to Regional Emergency Response', followed by input fields for 'Email*' and 'Password*'. Below these fields is a checkbox labeled 'Remember Me'. There are two buttons: a dark blue 'Sign in' button and a white 'Redeem Invitation' button. At the bottom of the sign-in section are two links: 'Forgot Password?' and 'No account? Create one'.

To confirm or modify facility data in WA HEALTH

- After a user selects the Administration icon, click 'edit'

The screenshot displays the WA HEALTH Administration interface. At the top, there is a dark blue header with the WA HEALTH logo on the left and navigation links for 'About' and 'Amina Test Lead' on the right. Below the header, a light pink bar contains a back arrow and the text 'Administration Home'. The main content area features a search bar and a '+ Create' button. Below these is a table with the following columns: 'Facility Name ↑', 'Region', 'County Name (County)', and 'Follows Droplet Protocol'. The table contains one row for 'Amina's Family Practice' in the 'Amina Health' region, located in 'THURSTON' county, which does not follow the droplet protocol. To the right of the table is a 'Manage' dropdown menu. This menu is open, showing a checkmark icon, an 'Edit' button (highlighted with a black box), and a 'Delete' button. The 'Create' button and the 'Manage' dropdown are both highlighted with orange boxes.

Facility Name ↑	Region	County Name (County)	Follows Droplet Protocol

Therapeutics/Vaccines

Existing WA HEALTH Users

- Log into WA HEALTH for reporting hospital
- Select 'Therapeutics/Vaccine'

A screenshot of the WA HEALTH web application. The top navigation bar is dark blue with the WA HEALTH logo and a user profile for 'Amina Test Lead'. Below the navigation bar is a light blue header with a 'Home' link. The main content area is titled 'Therapeutics/Vaccines'. On the left, there is a form for 'Therapeutics' with two rows: 'Casirivimab/Imdevimab (Therapeutic A)' and 'Bamlanivimab (Therapeutic B)'. Each row has two input fields: 'Courses administered in the last week' and 'Courses on-hand'. Below this is a section for 'Vaccines' with three input fields: 'Total Vaccine Doses On Hand', 'Total Vaccine Doses Administered Previous Day', and 'Planned Vaccine Administration Target for Upcoming Week'. A 'Submit' button is at the bottom left. On the right, there is a 'Quick tips' section with three sub-sections: 'Therapeutics data', 'Total doses administered previous day', and 'Planned Vaccine Administration Target for Upcoming Week'. The 'Vaccines' section and the 'Submit' button are highlighted with an orange border.

New WA HEALTH Users

- Log into WA HEALTH for vaccine reporting facility
- Select 'Therapeutics/Vaccine'
 - Non-hospitals only have a limited view

Therapeutics/Vaccines

The screenshot shows the WA HEALTH web interface. At the top is a dark blue header with the WA HEALTH logo on the left, and 'About' and 'Amina Test Lead' on the right. Below the header is a light blue bar with a 'Home' link. The main content area is titled 'Therapeutics/Vaccines'. On the left, under the 'Vaccines' sub-header, there are three input fields: 'Total Vaccine Doses On Hand', 'Total Vaccine Doses Administered Previous Day', and 'Planned Vaccine Administration Target for Upcoming Week'. A 'Submit' button is at the bottom left. On the right, under 'Quick tips', there are two sections: 'Total doses administered previous day' with instructions to provide data since first administration or last report, and 'Planned Vaccine Administration Target for Upcoming Week' with instructions to include first and second doses planned between Wednesday and Tuesday of the upcoming week.

Total Vaccine Doses Administered Previous Day

Planned Vaccine Administration Target for Upcoming Week

Submit

Quick tips

Total doses administered previous day
If this is your first time entering this data, provide the total doses since first administering a COVID-19 vaccine. If you must skip a day in reporting, please make sure to provide the doses administered since you last reported.

Planned Vaccine Administration Target for Upcoming Week
Include first and second doses. Provide doses planned for administration between ~~Wednesday and Tuesday~~ of the upcoming week.

Submission Records

- WA HEALTH dashboard will provide a vaccine data table
 - Access to data table will vary depending on user access

WA HEALTH

REPORTING TIMELINE

Reporting Timeline

- **New WA HEALTH Users** – will be added to the platform on Friday, Jan. 22
- **Vaccine Reporting Go Live** – evening of Sunday, Jan. 24
- **Reporting to WA HEALTH** – new vaccine reporting to WA HEALTH begins on Monday, Jan. 25
- **Once reporting begins on Jan. 25, we ask that all reporting facilities report daily by 11:59pm.**

Scheduled Vaccine Release 1/24

Scheduled for **evening of Sunday, Jan. 24**

All: Please stay out of WA HEALTH from 5 p.m. – 11 p.m.

Existing Facilities: Please update daily data by 2 p.m.

Existing Data Users: Please conclude exporting reports by 4:45 p.m.

We report in WA HEALTH so that
WA has better data for decision making so that
patients receive care when and where they need it

We Are Here To Support You

If you have any questions regarding:

- WA HEALTH access
- Onboarding
- Data submission

2nd user call on 1/22 10-11am

An FAQ will be forthcoming

Please contact wahealth@doh.wa.gov

Q&A

wahealth@doh.wa.gov

THANK YOU!
